MANY BENEFITS

FULLY AUTOMATED	Less effort, more comfort. Fully automated, it elevates and lowers using a key to minimize any handling effort.
2 IN 1	Covana combines the benefits of a hot tub and gazebo cover in just one innovative product, allowing you to make the most of your spa in all seasons.
SAFETY	Covana locks, fully covers and secures your hot tub, preventing access by children and intruders.
INTIMACY	The optional retractable shades give a pleasant feeling of intimacy and protect against the elements.
GREATER ENERGY SAVING	Gives greater insulation value than most traditional covers. Moreover, its optimal engineered seal helps save on water, energy and maintenance products.
DURABILITY	The shelf-life of a traditional hot tub cover is approximately 3 years. The Covana will last as long as your spa, thanks to its aluminum structure and its rigid, seamless ABS thermoplastic hardtop.
INNOVATIVE DESIGN	In closed position, the Covana does not hinder the view of your backyard.
SIMPLICITY	The Covana is compatible with all makes of hot tubs and can be installed on different surfaces. Everything is intended to make your life easier.
TOTALLY RELIABLE	A standard gazebo or cover can break down under the weight of snow, but the Covana, manufactured in Canada, is designed to deal with harsh winters by supporting up to 600 lb (272 kg).
PRIDE	Smart, modern, quiet, Covana is the perfect addition to the hot tub of your dreams.
